

CITY OF HALLIDAY

09/25/2023

## 2021 FALL NEWSLETTER

### APPLIANCES, SCRAP METAL, AND FURNATURE

All appliances, scrap metal and furniture disposals will be free of charge. This includes any scrap metal, washers, dryers, stoves, hot water heaters, refrigerators, freezers and air conditioners, and furniture. We will also be collecting car and pickup tires in residential areas only, not for out of town residents. If you would like to have any of the above items disposed, of you need to contact the City Hall at 938-4680 and leave a message. Do not bring your appliances, metal, tires or furniture to the city shop. The maintenance department will pick up items September 28- October 6

### SNOW REMOVAL

The day following a heavy snowfall, garbage cans and all vehicles must be moved off the street so snow can be removed. Streets will be cleaned first, followed by ridges that are blocking driveways. If vehicles are not moved on time, the snowplow will return later to clean the area and the property owner will be charged \$10.00. It is the responsibility of the property owner to clean their own driveway. All boats and trailers must be removed from city streets by October 30, 2023.

### Halliday School Subcommittee Survey

Enclosed is the Halliday School Community Survey, if you haven't filled out the survey please take some time to fill out the survey, and drop off at city hall.
